

# Classic Car Batteries

## Hard Rubber Classic Car Batteries

We stock and distribute 6V and 12V Hard Rubber Classic Car Batteries. The units we supply are matched to the original manufacturer's specification, giving the performance and look of the original units, with exposed link bars and screw cap cell access.

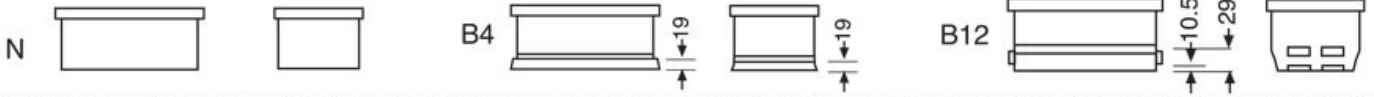

Please note, units are supplied to us dry and require filling in our warehouse before collection. Due to restrictions on the distribution of battery acid, we are no longer able to supply dry units with a separate acid pack.

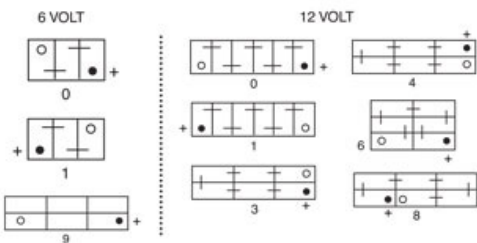

## 6V Hard Rubber Batteries

UK REF	MCI	Ah	Voltage	Length (mm)	Width (mm)	Height (mm)	Layout	Terminal Type	Base Holddown Features	Warranty
